

ALL TERRAIN T/A KO2

Our toughest All-Terrain tyre. Ever. The BFGoodrich All-Terrain T/A KO2 tyre is an On-/Off-Road all-terrain that delivers exceptional toughness, durability and traction for traversing harsh conditions and gives you the confidence to take on the toughest challenges for work or play.

The KO2 uses CoreGard™ Technology developed in the Baja T/A KR2 4WD tyre for split and bruise-resistant sidewall rubber and a thicker, extended shoulder to prevent sidewall failures.

* Based on internal sidewall splitting test vs BFGoodrich® All-Terrain T/A KO tyre in size LT265/70R17. Sidewall splitting test results were derived from a simulated sidewall aggression testing machine (patent pending US20120245859A1). All claims based on pre-production tyre testing.

The KO2 4x4 tyre has a new tread design and rubber formulation that helps it last twice as long on gravel and 15 percent longer on bitumen than the previous KO 4WD tyre.

**Off-Road test - Based on commissioned third-party gravel endurance tests vs BFGoodrich® All-Terrain T/A KO tyre size LT265/70R17. All claims based on pre-production tyre testing.

The KO2 4WD tyre also has a range of tread features for better mud and snow traction.

***Snow - Based on commissioned third-party tests vs BFGoodrich® All-Terrain T/A KO tyre in size LT 265/70R17. Standard GM Spin test was used. Mud Traction - Based on internal subjective tests vs BFGoodrich® All-Terrain T/A KO tyre KO in size LT 265/70R17. All claims based on pre-production tyre testing.
