

AT980 BRAVO

4WD

An all-terrain tyre with a classic pattern, the AT980 features a new construction design to maximise road contact even under heavy loads, as well as improving puncture and bruising resistance. The unique zig-zag block design provides extra traction edges for excellent off-road performance.

FEATURES & BENEFITS

- 1 Square tread contour design provides superior road contact even under heavy loads.
- 2 Reduced pitch ratio pattern design maximises tread life and improves overall wear pattern.
- 3 Zig-zag groove design improves off-road traction.
- 4 Jointless spiral-wound cap ply improves overall ride comfort and high speed stability.
- 5 Advanced casing design improves puncture and bruising resistance.
- 6 M&S all-season rated.
