

MT764 BIGHORN

4WD

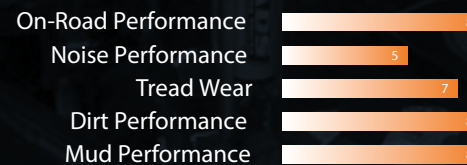

A premium mud-terrain tyre with a motor sports pedigree, the MT764 features a tough, durable construction and boasts superb off-road performance due to the aggressive pattern that improves self-cleaning performance in mud. The shoulders feature staggered lugs for additional bite when sidewall traction is needed.

FEATURES & BENEFITS

- 1 Multi-stage shoulder design reduces highway noise, ensures added shoulder strength on uneven surfaces, and contains stone eliminators for enhanced self-cleaning ability.
- 2 Dual stage tread design provides excellent bite, extra steering control, and also enhances self-cleaning abilities.
- 3 Multi-stage tread blocks ensure excellent all-terrain traction.
- 4 Anti-puncture sidewalls with unique 'G'-shaped buttress reinforcements ensure excellent durability and increased traction in muddy terrains.
